Experience you can rely on

As one of the most trusted names in health coverage, Anthem has been providing health care coverage and security to Missouri for over 70 years. We're committed to helping simplify your life and improving your health. In addition, we offer:

- **Some of the largest provider networks in Missouri.** With more than 12,000 doctors and over 100 hospitals throughout the state, chances are your doctor is in our network.
- **A choice of plans to fit your budget and lifestyle.** No matter where you are in life, we've got a plan designed to fit your health coverage needs, as well as your budget.
- **Optional dental and life insurance.** To enhance your health, we also offer dental and term life coverage and make it easy to enroll.
- **Coverage that travels with you.** No matter where life takes you, your health coverage goes with you. And network providers in the BlueCard® program across the country will help make it easy to get access to the care you need.

Why do you need health care coverage?

These days, a single day in the hospital can cost thousands of dollars. The financial risk you take without health coverage just isn't worth it. Not only does health care coverage help you stay healthy, it also gives you added security, because you know you're protected against the high cost of unexpected medical bills.

These plans are available with the Blue Access® network for residents in 85 Missouri counties. These plans are available with the Blue Access® Choice network for residents of St. Louis City and St. Louis, St. Charles, Warren, Jefferson, St. Francis, Franklin, Lincoln, Washington and St. Genevieve counties. To find a doctor or local hospital, visit anthem.com and select the "Find a Doctor" link for a complete list of providers within the network.

Some definitions so we're all on the same page

Network Discounts: With Anthem, you have access to some of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 12,000 doctors and over 100 hospitals and other facilities, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO plans, you can always choose to receive services outside the network, but your share of the cost will be greater.

Cost-Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment is a specific dollar amount you have to pay for certain covered services.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most services for the rest of the calendar year.

Lifetime Maximum is the lifetime benefit amount that will be paid under the policy for each member. This includes network and non-network covered services combined.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Tiers represent a cost level within the generic and brand name prescription drug categories. The prescription drug coverage under your health care plan will differ for each of these tiers. Not all products have this tiering.

- **Tier 1:** Generally includes generic drugs and a few lower cost brand name drugs.
- **Tier 2:** Generally includes higher cost generic and brand name drugs.
- **Tier 3 and 4:** Highest cost brand name drugs.

Formulary is a list of prescription drugs our health care plans cover. They include generic and preferred brand name drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans. Formulary lists can be found at anthem.com.

Health Savings Account (HSA) is a special bank account that can be set up by a member enrolled in a qualified HSA-compatible high-deductible health plan. Contributions to this account can be made with certain tax advantages and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax advisor.

Dental Blue® Plans

Regular dental check-ups and cleanings are important to your overall health. That's why we give you the option of adding one of these Dental Blue plans to your health coverage:

- Dental Blue Basic 100:** Gives you coverage for the basics, like routine check-ups and fillings. If your dental needs are simple, this may be the right plan for you.

- Dental Blue 200 network:** Includes the entire 100 network plus even more choices of dentists and specialists. Dental Blue Essential 200 members can save the most on dental care when they choose a dentist from this network.

Missouri Coverage Details

Things you need to know before you buy...

SmartSense[®], Premier, CoreShareSM, Lumenos[®] HSA and Blue Access[®] Value

Before choosing a health care plan, please review the following information, along with the other materials enclosed.

Who Can Apply?

You can apply for coverage for yourself or with your family. You must be under the age of 65, reside in the Missouri service area, be a legal resident of the U.S. and be qualified under the Contract on the effective date, according to our medical underwriting guidelines. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn 25.

What's A Pre-Existing Condition?

Generally, our plans cover pre-existing conditions after you've been enrolled in the plan for 12 months. A pre-existing condition is any condition that was diagnosed or treated within 12 months prior to the effective date of coverage or produced symptoms within 12 months prior to the effective date of coverage that would have caused an ordinarily prudent person to seek medical diagnosis or treatment.

For Premier and Lumenos HSA, a pre-existing condition also includes a pregnancy existing on your effective date, if maternity-related benefits are purchased.

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, you can use your prior coverage for credit toward the 12-month waiting period. Anthem Blue Cross and Blue Shield will credit the time you were enrolled on the previous plan.

Access to the Medical Information Bureau (MIB)

Information regarding your insurability will be treated as confidential. Anthem Blue Cross and Blue Shield or its reinsurers may, however, make a brief report thereon to the MIB, a not-for-profit membership organization of insurance companies, which operates an information exchange on behalf of its Members. If you apply to another MIB Member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, MIB, upon request, will supply such company with the information in its file.

Upon receipt of a request from you, MIB will arrange disclosure of any information it may have in your file. Please contact MIB at 866-692-6901 (TTY 866-346-3642). If you question the accuracy of information in MIB's file, you may contact MIB and seek a

correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act.

The address of MIB's Information Office is:
50 Braintree Hill Park, Suite 400
Braintree, MA 02184-8734

Information for consumers about MIB may be obtained on its website at www.mib.com. Anthem Blue Cross and Blue Shield, or its reinsurers, may also release information in its file to other insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.
